Dear Owner,

We have now moved into "phase 2 " of the Corona Virus restrictions.

This will permit some very restricted use of the large pool. (Not the children's pool.)

The regulations are very complex and require that a community employ supervises the swimming.

Therefore as of tomorrow morning (Tuesday 26th May) at 9am the pool will be open till 1pm.

It will be open during these hours on a Monday to Friday basis. Closed Saturday and Sunday.

Only 12 people will be allowed in the pool at any one time.

A distance of 2 meters from other swimmers must be observed at all times.

The area surrounding the pool will not be available for sun bathing. However the area above the pump room will be open but sunbeds must be 2 meters apart.

Phase 2 is programmed to last two weeks, if all goes well, so things should change in a fortnight.

Thank you for your understanding and cooperation in this matter.

Stay safe and well,

Yolanda.
